LA FOLLETTE TO SEEK OUSTER OF DAUGHERTY

SEN. WHEELER AND OTHERS SCOFF AT DAUGHERTY DENIAL

IN LETTER OF DAUGHERTY YESTERDAY LATTER SAID HE WOULD MAKE TOUR

LA FOLLETTE THINKS DAUGHERTY WILL BE BUSY WITH INVESTIGATING COMMITTEE

Congress Today By United Press

Senate: Washington farewell address.
Interior department appropriations.
Audit and control committee meets on Wheeler resolution.
House: Tax bill.

Washington, Feb. 22.—Senator La Follette today took command of the senate effort to oust Attorney General Daugherty from the cabinet.

At the same time the belief grew in administration circles that if President Coolidge does not yield this week to the senate's pressure on him to dismiss Daugherty, the president will stand by his attorney general until Daugherty has had a full hearing before the senate committee.

LaFollette's first step was to arrange with republican leaders for adoption on Monday of the Wheeler resolution to investigate Daugherty, and for appointment of a committee to conduct the investigation. The meeting of the audit and control committee was called for today to report out the investigation resolution.

LaFollette believes, however, action by the senate should go over until Monday because nearly a dozen senators whose help is needed are not in town.

Senator Wheeler, Montana, author of the resolution, and the others leading the investigation scoffed at the denial Daugherty issued yesterday in a letter to Senator Pepper, Pennsylvania. In that letter Daugherty said he would carry his case to the country in a speaking tour. LaFollette believes Daugherty will not have much time for campaigning when the senate investigating committee gets under way the middle of next week.

Wheeler will present the report of the New York investigator whom he stated yesterday discovered that Daugherty had speculated in oil stocks.

The substance of this report has already been given President Coolidge. The investigating committee will be headed by Senator Brookhart, progressive republican. Brookhart is special aide to LaFollette, and the inquiry will be conducted under the guiding hand of the progressive chieftain.

When Daugherty was urged last Sunday by Senator Borah to resign at the conference at the White House, President Coolidge is reported to have taken the attitude that he desires to obtain the opinions of his colleagues in the cabinet. However, so far as is known, he never has consulted with the other cabinet members, and the investigation was not discussed at the cabinet meeting last Tuesday.

Daugherty has made no statement concerning Senator Wheeler's charge that he speculated in oil stocks.

Beyond his formal reply to Wheeler's charges and his letter to Pepper yesterday, he has said nothing.

In the Pepper letter, which was a reply to a note from Pepper urging Daugherty to resign because he was on the wrong side of the issue in the public minds, the attorney general said if he quit it would be a confession of baseless charges.

AIM ON COMPROMISE TO KILL GARNER PLAN

Washington, Feb. 22.—Negotiations on a new compromise were in progress today between house republicans and progressives in a final effort to reverse action and defeat the Garner income tax plan in the house revenue bill.

Republican Leader Longworth has offered to accept a cut in normal in-

come tax rates from three per cent to two per cent on incomes less than \$4,000. If the progressives will accept the six per cent return on incomes above that as proposed in the Mellon plan.

The maximum surtax rates will be fixed at 37½ per cent under the proposed compromise. The Garner plan as adopted fixed the maximum surtaxes at 44 per cent. The 25 per cent rebate on 1923 taxes would stand under the compromise. All factions in the house are united on that feature.

While progressive leaders declined to say they would accept Longworth's proposal, sufficient of the group that voted for the Garner plan indicated that it would be acceptable to them. These are understood to include Representatives Reed, Illinois; Sinclair, North Dakota; LaGuardia, New York, and Lambert, Wisconsin.

COMMITTEE DEFENDS ATTY. GEN. DAUGHERTY

Washington, Feb. 22.—The national republican committee, through its chairman, came to the defense of Attorney General Daugherty, whose resignation Senators Wheeler, democrat, and Lodge and Pepper, republicans, are seeking because of his connection with the oil scandal.

J. T. Adams, chairman of the committee, in announcing they had issued a statement defending Daugherty, said:

"It is absurd to talk of dismissing a man who has not had a full hearing and an opportunity to defend himself."

DAUGHTER BORN TO MRS. R. C. VANDERBILT

New York, Feb. 22.—A daughter was born to Mrs. Reginald C. Vanderbilt yesterday.

Mr. Vanderbilt and Miss Gloria Morgan, daughter of Consul General Harry Hays Morgan, at Brussels, were married March 16, 1923.

Mrs. Vanderbilt and her child are at a hospital here.

Mrs. Vanderbilt is 19 years old. Mr. Vanderbilt is 42 and was married once before his present marriage. Mrs. Kathleen Vanderbilt Cushing, wife of Harry Cushing III, of Boston was the only child by his first marriage.

REPORTED SECRETARY WALLACE IS ABOUT TO RESIGN FROM CABINET

(By United Press)

Washington, Feb. 22.—Secretary of Agriculture Wallace today refused confirmation or denial of reports that he is about to resign from the cabinet, as the result of differences with President Coolidge over the administration's farm relief program. Wallace's only comment on the report was this statement:

"I have not resigned."

The reports grew out of a split which developed during recent conferences here of northwest bankers and farmer representatives on relief measures for farmers and for banks affected by the depression in the wheat growing states.

President Coolidge endorsed the Norbeck-Burnett bill providing for a fund of \$50,000,000 to lend to farmers to enable them to diversify crops. Wallace and some of the northwestern farmers thought he should also have approved the Norris-Sinclair bill creating an export corporation to dispose of surplus farm products abroad.

Failure to do so caused a "rump" convention of the supporters of the Norris-Sinclair bill in which Wallace joined.

Sentiment in the middle west and northwest is understood to be overwhelmingly for the Norris-Sinclair measure.

MRS. WINTER GIVES QUALIFICATIONS OF A LEADER

(By United Press)

St. Paul, Feb. 22.—A democracy is tested by its ability to develop leaders.

And the leaders it does develop must be prominent men and women whose ability is not based on politics. Mrs. P. J. Winter, president of the General Federation of Women's clubs, told the 1,000 women attending the annual meeting of the Minnesota Federation of Women's clubs at the auditorium here.

The subject of her address was "Leaders."

The principal speaker of the day was Thomas J. Norton, of Chicago, who urged a more thorough study of the constitution in the public schools of the nation.

This afternoon's program was suggestive of the patriotic holiday—Washington's birthday. One of the most impressive numbers was the "March of the Pioneers," which included all those women who were pioneers in club work in Minnesota. Every member was dressed in colonial gowns which lent a picturesque and quaint atmosphere to the affair.

The waiter, who told the police he was an anarchist, "disgusted with the brutalities of the fascists," put up a fierce struggle when arrested and kept crying that he did not want "to kill a man, but an idea."

PROHIBITION AGENT SHOT FROM AMBUSH

(By United Press)

Glenrose, Texas, Feb. 22.—Richard Watson, prohibition agent and star witness in cases against 80 alleged liquor law violators, was shot from ambush here early today. Five men are in jail in connection with the killing.

Watson had just returned from Cleburne where he had testified at the trial of E. L. Rourke, former prosecutor of Somerville county. He was sitting in the home of Tom Duncan when a volley of bullets was fired through a window, killing him instantly.

The liquor cases were the most sensational in Texas, high officials, including a former sheriff, being accused of accepting bribes.

Watson was the chief witness against the sheriff and others. A brother, C. B. Watson, also a prohibition enforcement officer, has been a witness.

HEARTY LAUGH CAUSES DEATH OF MOVIE FAN

Reading, Pa., Feb. 22.—A hearty laugh resulted in the death of Emmet Crowell, aged 64, in a motion picture theatre here. Crowell was enjoying a comedy and laughed uproariously. Suddenly he slumped in his seat. He was carried to a rear room and then to a hospital, where physicians pronounced him dead.

Forged About Million In Checks, Broke Jail, and Married 20 Girls

(By United Press)

St. Paul, Feb. 22.—Forgery of checks totaling around \$1,000,000, prison breaks and a score of marriages are laid to "Dr. Robert Frank," who is believed to have abducted Marion Christopherson, a 17-year-old Grantsburg, Wis., girl.

The man is one of the most famous criminals in the country and is known by dozens of alias names, according to the William J. Burns detective agency.

Frank and Miss Christopherson were last seen when they left St. Paul December 14th on the way to Albuquerque, New Mexico.

The girl was acting as nurse for Frank. She was a close friend of Frank's bride.

Frank is said to have married at least a score of women during the last four years. Some of the women he married for their money, and some because he had become fond of them.

The identification of the man was discovered by Burns detectives while going through the files on another case. Old pictures of other cases tallied with that of Dr. Frank of St. Paul.

His bigamy record dates back as far as 1916 in Los Angeles, where charges have been pending against him for seven years.

Torreon, Mex., Feb. 22.—B. D. Bassett, American mining engineer in charge of the Cobre mines at Velardena, Durango, captured recently by bandit followers of Hipolito Villa, has paid 5,000 pesos ransom and been released, it was learned here. Mexican federal authorities have warned Raymond Bell, another American mining man, to keep out of Durango state. The bandits are said to be looking for him in order to obtain ransom.

COOPERATION WITH FORESTRY BOARD IS PROMISED

(By United Press)

St. Paul, Feb. 22.—Cooperation with the forestry board has been promised by Governor Peus, it was announced, after a two hour conference with Grover M. Conzatz, acting state forester, late yesterday and last night.

This cooperation will include aid in increasing reforestation, opposition to promiscuous drainage which would be detrimental to Minnesota forests and game and efforts to make the fire fighting force more efficient.

The governor promised that he would recommend to the next state legislature that a larger appropriation be made for reforestation of cut and burned over lands.

He pointed out to Conzatz that he has always opposed promiscuous drainage and that he will continue to do so in every case which would come to his attention.

He advocated the plan of making the forest rangers more free agents in fire fighting so that they can act more quickly and cooperate better, thus reducing losses from the annual fires.

GOAL SET HAS BEEN PASSED

MINNESOTA POTATO GROWERS EXCHANGE HAS 9,538 MEMBERS SIGNED

(By United Press)

St. Paul, Feb. 22.—The goal set in the organization of the Minnesota Potato Growers exchange has been passed, S. G. Rubinow, state campaign manager, said today. More than fifty per cent of the commercial acreage in Minnesota has now been signed.

Contracts have been signed by 9,538 members. The acreage under contract has reached 132,944. It is estimated that this will produce 13,000,000 bushel of potatoes.

The goal was 120,000 acres. The exchange is to be formed soon after March 1st and already is assured a place among counties leading co-operative marketing enterprises.

The organization campaign has been going on for ten months. It will end March 1st. County organizations then will be incorporated under the co-operative marketing law enacted by the 1923 legislature.

Later these will be federated into the state exchange.

ARMY AIR PILOT BREAKS WORLD'S ALTITUDE RECORD

Dayton, Ohio, Feb. 22.—Lieutenant J. A. MacReady, army air pilot, today broke the world's altitude record by climbing 41,000 feet. The time was two hours and three minutes.

The previous record was 36,745 feet set by LeColste, French flyer on October 30, 1923.

MacReady's record today was unofficial but the flight was held under the regulation of the Federated Aeronautic International with Orville Wright as chief observer.

MacReady used his famous LePere plane for the flight, which started at 9:27 a. m. When only nine seconds from the ground, the veteran pilot swung the nose of the ship upward and started his climb.

The weather was ideal for the test.

U. S.-CANADA-MEXICO ENTENTE IS FORECAST

Mexico City, Feb. 22.—Former Senator J. Ham Lewis of Chicago, addressing the American Chamber of Commerce here, forecast an entente of the United States, Canada and Mexico as a defensive measure against aggression from a combination of Russia, China and Japan which is considered inevitable in the near future due to the measures taken by the United States to restrict immigration.

Mr. Lewis stated that while the treaty of Versailles had destroyed the old military balance of power, this was replaced by a realignment of powers in Europe and Asia to promote mutual interests of expansion. He stated that the United States was not able to look to any European power for assistance since both France and Great Britain were vitally interested in the far east, where their possessions are already threatened.

He outlined the recent developments of Russia in the far east, where the soviets are said to have growing understanding with China and Japan. He said these nations were stirred up by the new immigration bill.

STRIKE STILL ON; DOCKERS FAIL TO AGREE WITH LEADERS

London, Feb. 22.—Dockers' delegates who met here today to ratify the agreement ending the nationwide strike that has paralyzed British ports, adjourned today without deciding one way or the other. They all meet again Monday.

Meanwhile the strike continues. The men's leaders and employers reached an agreement yesterday, but delegates have to agree before the strike can be called off.

WARREN WILL ACCEPT MEXICAN ENVOYSHIP

Washington, Feb. 22.—Charles B. Warren of Detroit, Mich., former ambassador to Japan, has consented to accept the post of ambassador to Mexico. His nomination is expected to go to the senate shortly.

SINCLAIR TO BE EXCUSED FROM ANY TESTIFYING

ON ADVICE OF PRESIDENT'S SPECIAL COUNSEL IN OIL CASES

SENATOR LENROOT SAID NO SUBPOENA HAD BEEN ISSUED FOR HIM

(By United Press)

Washington, Feb. 22.—Harry F. Sinclair, lessee of the Teapot Dome reserve, will be excused from testifying before the investigating committee on advice of the president's special counsel in the oil cases.

Although Sinclair is scheduled to appear Monday, Senator Lenroot, chairman of the committee, said no subpoena had been issued for him. Lenroot has talked with Sinclair by telephone but declined to say what arrangement was made with him.

Atlee Pomerene and Owen J. Roberts, the special counsel, are understood to have suggested it might be better not to compel Sinclair to testify. They urged the committee to excuse Albert B. Fall, former secretary of the interior, so he could not demand immunity in court.

Return of Senator Walsh, Montana, chief investigator of the committee, is expected to remove a lid of secrecy which has covered the committee's plans since he left Washington. Walsh may return tonight to discuss with Lenroot and Senator Wheeler, his colleagues, certain steps in the inquiry.

It is understood one of the first witnesses to be heard when public hearings are resumed Monday will be the New York public investigator who reported on the stock transactions of Attorney General Daugherty. This investigator has other evidence also.

E. B. McLean, owner of the Washington Post, is expected to tell more of the \$100,000 Fall got from him and later returned. McLean is also to be asked if he knew of a \$1,000,000 "slush fund" reported to have been raised by oil interests for use in Washington.

MAY CALL SINCLAIR, SUBPOENA ISSUED

Washington, Feb. 22.—The senate Teapot Dome probes today decided to issue a subpoena at once for Harry F. Sinclair, lessee of Teapot Dome.

The decision was reached at a conference between Senator Lenroot, chairman of the committee, and Senator Walsh, Montana, chief investigator for the committee, who returned to Washington today after a brief vacation.

Before the conference it was indicated Sinclair might not be permitted to testify on advice of the president's special counsel, Atlee Pomerene and Owen J. Roberts. Walsh and Lenroot said, however, that they agreed Sinclair's testimony should be taken.

"We will have Sinclair on the stand within the week," said Walsh.

A subpoena will be served on Sinclair in New York today calling for his appearance early next week when the committee resumes public hearings. He will be questioned regarding stock transactions in Sinclair oil and a reported \$1,000,000 "slush fund" raised by oil interests and used in Washington.

Committee members said they had not been advised about reports that Sinclair had declined to testify as did Albert B. Fall, former interior secretary, who leased Teapot Dome to Sinclair.

Senator Walsh today denied published reports that important documents bearing on the oil case prosecutions were missing. He said the committee have either originals or photostatic copies of every document that has featured in the investigation.

Miami, Fla., Feb. 22.—Huge volumes of smoke rolling into Flagler street and Northeast First street, from the Central Arcade in Miami's business section, called the entire fire department to the scene. Firemen found a pan of biscuits burning in a bakery. There was no damage.

"We will have Sinclair on the stand within the week," said Walsh.

A subpoena will be served on Sinclair in New York today calling for his appearance early next week when the committee resumes public hearings. He will be questioned regarding stock transactions in Sinclair oil and a reported \$1,000,000 "slush fund" raised by oil interests and used in Washington.

Committee members said they had not been advised about reports that Sinclair had declined to testify as did Albert B. Fall, former interior secretary, who leased Teapot Dome to Sinclair.

Senator Walsh today denied published reports that important documents bearing on the oil case prosecutions were missing. He said the committee have either originals or photostatic copies of every document that has featured in the investigation.

Miami, Fla., Feb. 22.—Huge volumes of smoke rolling into Flagler street and Northeast First street, from the Central Arcade in Miami's business section, called the entire fire department to the scene. Firemen found a pan of biscuits burning in a bakery. There was no damage.

BRAINERD CHORAL
SOCIETY NOTES

(Contributed)

For two very important reasons the choral society will meet tomorrow (Saturday) evening for its regular weekly rehearsal instead of to night. First this is a holiday. Second, the Masonic order of this city is putting on a program of extensive proportions in commemoration of the day which was favored with the birth of our national father and first great hero, George Washington. Out of consideration for this great organization's effort to exemplify the spirit of Washington comes the desire and willingness on the part of the Brainerd Choral society to postpone its activities for a full twenty-four hours.

That means the society will meet in rehearsal at 8 o'clock tomorrow evening in Mr. Brown's studio in the Iron Exchange hall. All those who have been out to any of the past rehearsals are urged to be out tomorrow evening with more than their share of enthusiasm. To those who would like to join their voices in song in this splendid musical organization the final invitation is now extended for the present season. This is your last opportunity, therefore don't fail to avail yourself of it tomorrow evening.

United Order Americans

The masquerade ball given by the United Order Americans in Odd Fellows hall February 19th, was a happy event of the season.

The hall was crowded to the utmost capacity. Music rendered by Lynn, Johnson and Risberg orchestra included all the latest hits of the season and was most loudly applauded by all. Each selection received many encores.

The favors of the evening went to Mrs. Louis Johnson and Mrs. Marge Lynn, as leading costumes. All present voted the United Order of Americans royal entertainers.

\$400,000 to "Influence
Congress," Is Charged

Washington, Feb. 22.—A charge that the Literary Digest is spending at least \$400,000 to "influence congress" in favor of the Mellon tax plan was made in the senate by Senator Pat Harrison. In its referendum on the subject, he said, the magazine had outlined only the Mellon plan making no mention of any other. "The Literary Digest must have known" said Senator Harrison, "that the democrats in the house had proposed a plan which gives a greater reduction to 6,650,000 taxpayers than does the Mellon plan."

N. P. TO ENLARGE RAIL
SHOPS AT LIVINGSTON

Livingston, Mont., Feb. 22.—Northern Pacific officials here announce plans for expending \$300,000 here this year in improvements of the division repair shops. A new boiler shop is to be erected and the present machine shop extended. The new shops, when completed, will be the largest on the system west of Brainerd, it is said.

Where He Was Buried

When Professor Basil L. Gilder-sleeve of Johns Hopkins, who died in his 93rd year, was asked where he preferred to be buried, it is said, he replied that he had been buried in the University of Virginia for 20 years and had enjoyed it so much that he would like to be buried there again.

GEORGE WASHINGTON

WE, as Americans, as loyal countrymen, and as natural hero worshipers, like to think of George Washington as "The Father of Our Country," as "First in War, First in Peace, First in the Hearts of His Countrymen." We like to read of his remarkable success at Indian fighting in the wild and dangerous woods of Virginia. We glory in his rise as a military officer, as a leader of men, and finally as the father of a nation.

We often think of Washington as a genius, as a man of wonderfully endowed powers, inspired and led on to great things. But it wasn't so much the genius as the conscientious manner of carrying out of such powers as he received, the complete conquering of the problems of the day which carried Washington through to success. So writes Milton Agnew in a glowing account of "Washington—The Man."

Washington was staunch in purpose and fearless in execution; a leader of men because of his thoroughness. It would be a quiet lesson in patriotism were every American privileged to visit Mt. Vernon. Every nook and corner brings back a vision of the colonial days and one feels the hand and influence of Washington soft as a benediction.

Every room in the quaint home has its wonderful memories. The large main room is filled with priceless treasures. One sees Washington's surveying instruments, Lafayette's gifts, the key to the Bastille, a lock of Washington's hair, the dentistry tools he used on occasions; and priceless sets of silverware, glass, napery, etc.

The grounds are kept in perfect state. Over all broods a restful and quiet air. And at the tomb one pauses in deep veneration. As expressed by one visitor: "If Washington could but view the nation at its present day, transcending the fondest hopes of its founders."

May the foundation as laid by Washington and his patriot friends ever endure and may the growing superstructure ever carry out the original plans of the master architect.

HUMBLE DEVOTION TO SERVICE

ONE reason most people meet an appeal from the Salvation Army with a hearty welcome is that its humble devotion to the service of its Master makes many of us a little ashamed of our own Christianity. The Army "serves God through serving man," and that is a true version of Christian duty. Nobody could have a truer vision.

The Salvation Army in Brainerd is asking for \$2,400 to carry on its work for a year. It ought to get its goal without the question of a doubt.

The plan of the Salvation Army embodies methods that make for expediency, economy, swiftness and common sense, and there is a spiritual foundation for it all that comes as near as the Army can bring it to the standard that Jesus would adopt if He were here to minister to the homeless, the helpless, the desperate, the sickly and the wayward. The best expression of the nature of God which man in His image and likeness can make is loving service to those in need; and the Salvation Army makes that expression humbly, but effectively, devotedly and nobly.

"Feed first and argue afterwards" says the Salvation Army. They make a physical rescue first—then a spiritual rescue.

Its methods are direct. If it finds one needing a square meal or a pair of shoes or a bed in a hospital, it immediately reaches out a helping hand with love back of it, and gives the help that is needed. Its methods are practical and direct. Its actions are governed by the strictest economy—the wages of its workers are so small that it would be funny if it were not so splendid; and the aim of spiritual uplift dominates it all.

It is doing its Master's work and it is a privilege for those who can give only money, while these humble workers give themselves, to meet this opportunity to help it in its gracious and beautiful mission.

The campaign to raise the modest sum asked for its year's maintenance opens March 3. There should be no doubt of its success.

DO YOU VOTE, KIND READER?

VOTING is an important duty of every American citizen. But many are lax in such a duty and spend their time in criticizing the men elected instead of helping put in office men of their choice. Bemidji is no different than many other communities. They had an election there Tuesday and of 5,000 voters but 1,000 went to the polls. Among these, two or three voted for Andy Gump for mayor of the city and numerous ballots, says the Bemidji Pioneer, were cast for hit or miss individuals scattered about town. As long as the one thousand rule the other four thousand there can never be a true expression of democratic government.

METHODIST CHURCH

NOW REJUVENATED

After Ten Week Repair Period All Traces of Destructive Fire Removed

MUCH LABOR WAS INVOLVED
 Several Changes Made in Arrangement of Classroom and Church Entrance

The Methodist church, after a ten week repair period, will again be ready for occupancy in all of its departments for the usual Sunday services on this coming Sunday. All traces of the destructive fire, which did so much damage to the interior of the edifice, have been removed, and the rooms have the appearance of being newly constructed.

This repair work entailed a great deal of time and labor. Floors and woodwork had to be scraped and refinished, and in some instances replaced, where the fire had damaged them beyond repair. All of the walls have been newly decorated and lighting facilities improved. All of the pews, chairs and other furniture have been refinished and made to look like new.

Several changes have been made in arrangement of classrooms and in

the main entrances to the church. Glass panels have been placed in these doors to give more light to the halls and stairways.

Members of this church will find nothing left to remind them of the fire, so thoroughly has the work of reconstruction been done. All will feel that they are worshipping in an entirely new church.

All of the regular services will be held in the church on next Sunday. There will be several special features carried out in each service appropriate to the occasion of re-occupying the entire building. Announcement of the day's program will be found in the usual church notices in Saturday's Dispatch.

GEORGE WASHINGTON

WE, as Americans, as loyal countrymen, and as natural hero worshipers, like to think of George Washington as "The Father of Our Country," as "First in War, First in Peace, First in the Hearts of His Countrymen." We like to read of his remarkable success at Indian fighting in the wild and dangerous woods of Virginia. We glory in his rise as a military officer, as a leader of men, and finally as the father of a nation.

We often think of Washington as a genius, as a man of wonderfully endowed powers, inspired and led on to great things. But it wasn't so much the genius as the conscientious manner of carrying out of such powers as he received, the complete conquering of the problems of the day which carried Washington through to success. So writes Milton Agnew in a glowing account of "Washington—The Man."

Washington was staunch in purpose and fearless in execution; a leader of men because of his thoroughness. It would be a quiet lesson in patriotism were every American privileged to visit Mt. Vernon. Every nook and corner brings back a vision of the colonial days and one feels the hand and influence of Washington soft as a benediction.

Every room in the quaint home has its wonderful memories. The large main room is filled with priceless treasures. One sees Washington's surveying instruments, Lafayette's gifts, the key to the Bastille, a lock of Washington's hair, the dentistry tools he used on occasions; and priceless sets of silverware, glass, napery, etc.

The grounds are kept in perfect state. Over all broods a restful and quiet air. And at the tomb one pauses in deep veneration. As expressed by one visitor: "If Washington could but view the nation at its present day, transcending the fondest hopes of its founders."

Pupils of St. Francis School Presented
a Patriotic Program on
Wednesday

MANY VISITORS PRESENT

Woman's Relief Corps Presented Two
Beautiful Flags to the
School
(Contributed)

The pupils of St. Francis school presented a patriotic program Wednesday Feb. 11th in honor of our first and greatest president, George Washington.

Some of the distinguished persons who attended were: Albert Fox, Commander of the Grand Army; Mrs. Harriet B. Peterson, President of G. A. R. Circle; Mrs. Bertha Theviot, President of the Woman's Relief Corps; Mrs. K. O'Connor, Mrs. Albert Fox, Professor J. A. Wilson and J. B. Swisher.

The Woman's Relief Corps presented two beautiful flags to the school and the children and faculty hereby express their sincere thanks and appreciation for the same.

The program given was as follows:

1. Song, "The New America"—By the class.

2. Flag Salute—By all.

3. Washington's life in Paris—By Raymond Meyers, Kathleen Early, Lois Untereker, Marjorie Oberst, Martha Remmels.

4. Anecdotes of Washington—Gerald Griffin.

5. Recitation, "Johnnie's History Lesson"—By Joseph Greener.

6. Recitation, "Independence Bell"—By Alice Gray Johnson.

7. Song, "Washington Crossing the Delaware"—By the Eighth grade.

8. A reading, "The Flag"—By Donald McNamara.

9. Song, "Speed Our Republic"—By the Minims.

10. Recitation—"With a Bit of a Grin."

11. "The Star Spangled Banner"—By all.

12. "Washington," a eulogy—By Bernard Sears.

13. "O Columbia the Gem of the Ocean"—By the class.

Very appropriate and splendid speeches on "Washington," "The Flag" and real patriotism were delivered by Commander Fox, Professor Wilson and Mesdames Theviot and O'Connor.

We trust that the patriotism inspired by the memory of Washington will be a force for good in our grand and glorious country and that he, its father will ever be, "First in Peace, First in War, First in the hearts of his countrymen."

High School Play "Seventeen" Reveals Booth Tarkington at His Best

Booth Tarkington has a national reputation as an author and a playwright. Since he first produced "The Man From Home" his reputation on the stage has grown. In "Seventeen" he has written one of his happiest plays. There is a blending of humor and pathos that keeps you interested every minute. Not a dull line has crept into the play.

The minor characters as well as the leads have clever things to say. There are five boys of seventeen, and you all know them, just between boyhood and manhood, when they are reaching out for bigger things and are full of ridiculous notions.

"Seventeen" has fifteen characters, but all of these characters are incidental. The plot revolves around a dress suit and a little fluffy dog.

The girls all know the heart burnings that come with the advent of a pretty girl from another town. Here the heroine is Lola Pratt, who stays six weeks and is a regular heart-smasher.

The fathers all know what they suffer when the children are going through these stages. Papa Parcher and Mr. Baxter are duplicates of any father with children at the age of "Seventeen."

Brothers know how little sisters can make life miserable. The demon Jane is that worst of all things—e

RUSS WOMEN JUDGES ASSAILED FOR SEVERITY

Chicago, Feb. 22.—Russian woman judges, who are sentencing people to death for petty larceny, are drunk with power, according to Liza Finerman, former judge in Petrograd, who is here to complete her legal training. "The severity of these women judges is psychological," she said. "It is typical of the mental attitude of the women in public life there."

Everybody Worked But Father

"Father's stomach trouble seemed to be getting worse all the time and finally he had to quit work altogether. Two brothers and myself gave up school and went to work to support the family. Father had lost sixty pounds in weight and was yellow as saffron and no medicine helped him. Telling a friend about it six months ago, she advised taking Mayr's wonderful Remedy. I got a bottle and it helped father at once. He was able to go back to work a month later, has regained his weight and eats like a wood chopper." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. When Mother Buys the Coal

That's where quality counts.

Because mother demands the same value for her money from the coal dealer that she gets from the butcher, the baker and the grocer.

Father may have a lodge brother or a political friend in the coal business who could send crushed rock up to the house for coal and get away with it.

But mother demands the most heat and least trouble that money can buy, and doesn't care if she buys it from "One Eyed Pete" himself.

CONSOLIDATION ELKHORN and ZEIGLER NUT are great favorites when mother buys the coal. We know.

ABOUNDS IN CLEVER LINES

High School Play "Seventeen" Reveals Booth Tarkington at His Best

Booth Tarkington has a national reputation as an author and a playwright. Since he first produced "The Man From Home" his reputation on the stage has grown. In "Seventeen" he has written one of his happiest plays. There is a blending of humor and pathos that keeps you interested every minute. Not a dull line has crept into the play.

The minor characters as well as the leads have clever things to say. There are five boys of seventeen, and you all know them, just between boyhood and manhood, when they are reaching out for bigger things and are full of ridiculous notions.

"Seventeen" has fifteen characters, but all of these characters are incidental. The plot revolves around a dress suit and a little fluffy dog.

The girls all know the heart burnings that come with the advent of a pretty girl from another town. Here the heroine is Lola Pratt, who stays six weeks and is a regular heart-smasher.

The fathers all know what they suffer when the children are going through these stages. Papa Parcher and Mr. Baxter are duplicates of any father with children at the age of "Seventeen."

Brothers know how little sisters can make life miserable. The demon Jane is that worst of all things—

RUSS WOMEN JUDGES ASSAILED FOR SEVERITY

Chicago, Feb. 22.—Russian women judges, who are sentencing people to death for petty larceny, are drunk with power, according to Liza Finerman, former judge in Petrograd, who is here to complete her legal training. "The severity of these women judges is psychological," she said. "It is typical of the mental attitude of the women in public life there."

Everybody Worked But Father

"Father's stomach trouble seemed to be getting worse all the time and finally he had to quit work altogether. Two brothers and myself gave up school and went to work to support the family. Father had lost sixty pounds in weight and was yellow as saffron and no medicine helped him. Telling a friend about it six months ago, she advised taking Mayr's wonderful Remedy. I got a bottle and it helped father at once. He was able to go back to work a month later, has regained his weight and eats like a wood chopper." When Mother Buys the Coal

That's where quality counts.

Because mother demands the same value for her money from the coal dealer that she gets from the butcher, the baker and the grocer.

Father may have a lodge brother or a political friend in the coal business who could send crushed rock up to the house for coal and get away with it.

But mother demands the most heat and least trouble that money can buy, and doesn't care if she buys it from "One Eyed Pete" himself.

CONSOLIDATION ELKHORN and ZEIGLER NUT are great favorites when mother buys the coal. We know.

ELKS LODGE TO SPONSOR CAMPAIGN

At Regular Lodge Meeting Annual Home Service Plea of Salvation Army is Endorsed

STEERING COMMITTEE NAMED
To Make an Effective Campaign Unusual Methods Will be Employed

At the regular lodge meeting of Brainerd B. P. O. Elks No. 615 last evening, the lodge officially sponsored the annual Home Service Campaign of the Salvation Army. A fund campaign to be known as "Our Heart Fund" will be inaugurated immediately and the returns of the work will be used for work of the Salvation Army in Brainerd.

A "Steering Committee" to actively take charge of the campaign was appointed as follows: John A. Hoffbauer, chairman, Clyde E. Parker, Dr. A. K. Cohen and E. J. Quinn. With them will be associated R. L. Lagerquist who has accepted the post of treasurer.

This committee will meet immediately and lay out plans for a successful effort.

In order to make the campaign interesting and effective, the committee announced that unusual methods would be used, and that plans were now in progress for some very novel features of the campaign, which would carry the message of the Salvation Army Brainerd work across strongly.

The Elks lodge has always been a champion of the Salvation Army and has lent their organization on successive occasions to raise the necessary funds for support of the work.

Truly Worthy Cause
"The similarity of purpose which imbues both the Elks and the Salvation Army, and the true worthiness of the cause to which Brainerd citizens will be asked to give, the week of March 3, forbids anything but the utmost co-operation," said members of the Elks committee.

"It is within our power, we shall set the pace for all teams."

"We are sure that this year there are none, in all Brainerd, who are unfamiliar with the splendid work of the Salvation Army in this city and county and who would because of this unfamiliarity fail to give. In the last year, if ever before, the local Army, under Adjutant Olthoff, has established itself firmly in the hearts of those to whom the best interests of the city stand foremost."

Campaign Representative
The Rotary club, Lions club, Business & Professional Women's club and leading clubs and fraternities throughout the city are now appointing committees to take an active part in the campaign.

A charge of duty will be given to each organization at a big "Send-Off" meeting, Monday, March 3. Many organizations have already gone on record as ready to give whole-hearted support to the campaign, and as others are asked, are taking action for co-operation.

Letter From McFarland
A letter of endorsement has been received from the Grand Exalted Ruler of the Benevolent & Protective Order of Elks of the United States, James G. McFarland, saying:

"The Salvation Army has been tried and never found wanting. The Benevolent and Protective Order of Elks will, at all necessary times continue to co-operate with the Salvation Army in its noble work, and our membership feel a keen satisfaction in the assistance rendered by our Order toward the remarkable accomplishments of the Salvation Army during the recent World War, and at home."

My best wishes to you and your work.
(Signed) JAMES G. McFARLAND,
Grand Exalted Ruler,
B. P. O. Elks.

Secretary—L. A. Rifenrath, John J. Cummins, John A. Hoffbauer,
Treasurer—B. L. Lagerquist, A. L. Koop,
Tyler—C. D. Johnson,
Trustee—E. J. Quinn, James J. Nolan,
Delegate to Grand Lodge Convention—John A. Hoffbauer,
Alternate—William V. Turcotte.

(to be elected)—James J. Nolan, A. J. Smracker, C. D. Johnson, P. A. McGarry.

Alternates—Dr. A. K. Cohen, E. J. Quinn, A. E. Broman, Bert Boynton, Leslie Purdy.

Building Fund Started
At the bear steak banquet, at which District Deputy Peter S. Nielson was the guest of honor, announcement was made of paying the last of the indebtedness on the Elks' home site.

At the meeting last night Trustee E. J. Quinn announced the start of the building fund, \$600 being the first amount so set aside. The announcement was greeted with the loudest applause.

Praise From Grand Exalted Ruler
Grand Exalted Ruler James G. McFarland, of Watertown, S. D., in a letter to Exalted Ruler Hoffbauer, offered these congratulations:

"Permit me to congratulate you on the excellent condition of your lodge. You have a fine membership, good attendance at meetings, the work is exceptionally well rendered by your officers and your financial condition is very good indeed. You are doing much in the way of charities and social and community welfare work, offering scholarship medals is a splendid idea."

"I appreciate the work being done by your lapelation committee."

"I wish to congratulate you upon the purchase of the splendid new home site property. When the proper time arrives I am sure that you will erect a beautiful Elks' Temple. I am especially gratified in the interest taken by the Past Exalted Rulers in their lodge and hope they will continue their interest."

CO-OPERATIVE EGG MARKETING

Farmers Having Successfully Concluded Potato Marketing Campaign Are to Take up Poultry Question

LATTER INDUSTRY SUCCESSFUL

Baby Chicks up to 40,000 Annually Being Shipped Into County

Now that the cooperative potato marketing campaign has been put across so successfully, the farmers are turning their attention to the poultry question, and are launching a cooperative egg marketing campaign, the purpose of which is to furnish an outlet for surplus eggs, raise the standard of the quality of eggs shipped, and thus secure higher returns to the raisers.

The poultry industry in Crow Wing county is forging ahead by leaps and bounds, but in order to foster it in what is still its infancy, it is necessary to do everything possible to make the industry attractive to the farmers. And the most attractive feature is the fair price that they can get for their product.

For the past three or four years baby chicks have been shipped into this county at the rate of from 25,000 to 40,000 per year, which indicates the growing interest that is manifested in the poultry raising business. This increase in the number of chickens has at last produced a condition locally that has never occurred in the county before. January, 1924, is said to be the first time that the Brainerd egg market has ever been flooded during the winter, and eggs were shipped out to other points. In former years it has always been necessary to import them to meet the demands of the city trade.

It is felt that this year there will be more poultry raised than ever before in this section, since the ex-service men located in the vicinity of Brainerd are in nearly every instance planning to go into the poultry industry to quite a large extent. To furnish a market for the big surplus of eggs which will result from the number of raisers, the egg marketing association is being formed. Twenty counties in the state are now perfecting their local organizations, and as soon as this work is completed the state organization will be started.

In this campaign, which it is hoped to complete within thirty days, Aitkin and Crow Wing counties will combine, and it is hoped to gather at least 800 members for the new association in the two counties. The plan that will be followed is that

which has been worked out so successfully in the past two years in Rice county, where an average of eight cents per dozen more than was paid for eggs on the local market was obtained throughout the past year.

The contract to be used in Crow Wing and Aitkin counties is said to be even better than the one used around Barnum, one of the big poultry centers of the state. The initial membership fee is \$3. The association agrees to buy all of the eggs and poultry from the members and to provide facilities for their handling; to grade and market these products to the best advantage. It is expected to make payments to the farmers similar to the method used by cooperative creameries, once or twice per month, and if the amount of eggs warrants, each week. This gives the raiser a cash product the year round.

The eggs will be graded as to size, color, quality and condition, and sold on a grade and quality basis. All raisers having the same grade and quality will receive the same price. Those with better size and quality will receive more than the average price for their product.

Those who are instrumental in starting the campaign are meeting with much enthusiasm among poultry raisers locally, and no trouble is anticipated in getting the required membership once all of the poultry raisers understand the benefits to be derived from the cooperative association.

Constipation is ruinous to children—keep yours healthy with Kellogg's Bran

Constipation undermines a child's health. It saps his energy and makes him listless. It can lead to more than 40 other serious diseases. Mothers should take immediate steps to remove, safely and surely, the dangerous poisons from his system.

Kellogg's Bran—because it is ALL bran—brings permanent relief. Nothing but ALL bran can be 100 per cent effective. That is why Kellogg's Bran, cooked and krumbled, is universally recommended by doctors. They know it brings results.

If eaten regularly, Kellogg's Bran is guaranteed to give permanent relief in the most chronic cases of constipation, or your grocer returns your money. Kellogg's Bran acts on the intestines exactly as nature acts. It sweeps and cleans and purifies them. It makes them function naturally and

NEW WAY TO MAKE BOXERS FIGHT

By HENRY L. FARRELL
United Press Sports Editor.

New York, Feb. 22.—Regardless of its many failures in the past, the New York boxing commission may yet find a way to force champions to defend their titles, because the commission keeps trying.

Acting on the theory that there must be some way to keep titles out of safety deposit boxes, the commission gamely took the humiliation that attended a lot of beatings and came back for more.

It was at first reasoned that the champion might be shamed into activity, but it became apparent at once that the worse offending of the ducking champions had very little pride in their reputations.

They laughed at suspensions, ignoring criticism and ridiculed the idea that they could be displaced without being tapped on the chin.

The commission then tried the method of poking at a sensitive pocket-book, but that method failed, too, because the offenders went elsewhere and accepted smaller purses because the chances involved were less.

Falling at the attempt to play on the pride and deflate the wallet, the commission was almost willing to give up, when George Brower, the new chairman of the governing body, came along with another idea.

"We'll suspend the manager of any champion who refuses to defend his title," Brower suggested. "We'll keep that manager from making any matches in this state, not only for his champion, but for every boxer under his management. We'll set down the whole stable, including seconds, rubbers, trainers and everyone who has any connection whatever with the offending manager."

Any other boxer who has anything to do with a suspended boxer or his manager or any boxer in that manager's string will be suspended also, and the manager and all the other boxers under his management will be set down along with him.

This means that if any boxer under the management of Leo Flynn (for instance) who boxed Joe Lynch or any boxer under the management of Eddie Meade, Lynch's manager, the whole stable would be suspended.

This is the most drastic step ever attempted and if the commission tries to put it over it may be the one plan that will prove successful.

It is a cinch that mild measures never will accomplish the desired purpose.

FIRPO AND FULTON MAY CLASH SOON

BATTLE SCENE MAY BE STAGED IN NEWARK OR FORT SNELLING

Minneapolis, Feb. 22.—Luis Firpo, South America's sulky heavyweight contender, has accepted terms to box "Ferocious Fred" Fulton either in the twin cities or Newark late in May or early in June.

Twin City Clubs Co-operate

When the twin cities jumped into the limelight for the first appearance of the South American in the United States since his defeat by Jack Dempsey, Frank McCormick and Angus Cameron, presidents of the Minneapolis and St. Paul boxing clubs, respectively, decided to co-operate and land it if possible.

That the twin cities have an excellent chance of landing the go is evident with the announcement by William McCarney, co-manager of the South American, that he accepts the offer of \$50,000 flat with a privilege of taking 40 per cent of the gate receipts. It is McCarney's opinion that the proposed match between Firpo and Willis will fall through, and that with Fulton enjoying another spell of popularity the twin cities is the logical spot for a mix between the Minnesotan and Firpo.

FIRPO MUST ACCEPT CHILEAN'S DEFI OF FORFEIT HIS TITLE

Buenos Aires, Feb. 22.—Luis Angel Firpo will have to forfeit his title as heavyweight champion of South America unless he consents to accept the challenge of Quintin Romero, Chilean heavyweight, the boxing commission announced. Firpo will be given until next Wednesday to comply with the orders of the commission. Romero arrived yesterday from Paris. Hugh Garland, Firpo's business agent, objected to the ruling on the grounds that Romero had not met any good fighters.

Siki Reaches Havana; Good Samaritan Act Brings Latest Arrest

Havana, Feb. 22.—Battling Siki, French Senegalese boxer, arrived in Havana today for a series of exhibition bouts. He came over from Key West, where he had missed a previous bout by reason of getting in jail on charges of creating a disturbance. It was solely to Siki's sudden fancy to buy suits for two rather scantily clad Key West Negroes that caused the disturbance. A crowd of other Negroes followed and a policeman who could not break up the gathering took Siki in tow. He was released after a few hours.

13 STUDENTS DRINK LIQUOR; EXPELLED FROM U

Columbia, Mo., Feb. 22.—Thirteen students, eight men and five women, today were expelled from the University of Missouri for having drunk liquor and staying out in the early morning hours following a fraternity party here last night.

The office of President Stratton D. Brooks of the University made the announcement.

The party was given by a women's fraternity at the fashionable Daniel

Boone tavern, center of university social life. The students drank in the room of the mother of one of them who came here from Kansas City to attend the function, it was said.

DEMPSEY SAID TO BE BARNSTORMING

Chicago, Feb. 22.—Jack Dempsey, champion of the ring world, who obtains a fortune every time he fights, is admittedly barnstorming to get a bit of change.

The inference has been that all his money is invested and that he has none left to pay his income tax. He recently sold some flat buildings and

a home in Los Angeles, but up to date he still retains his coal mine.

Now comes word that Jim Jeffries is far from being broke. His friends assert the former champion signed over all his fortune to his wife when a company in which he was heavily interested hit the bumps. Part of Jeffries' fortune consists of a 100 acre alfalfa farm, estimated to be very valuable. Altogether, his capital is figured at close to \$500,000.

Tommy Andrews, who recently returned from the coast, brings back word that Tommy Ryan, one of the best welterweights that ever lived, made an investment out in the California oil country, the leases of which have netted him close to \$100,000.

St. Paul, Feb. 22.—The Minnesota state checker tournament will be played in St. Paul Friday and Saturday at the Y. M. C. A. Leading players from throughout the state will take part in the tourney. Benjamin F. Loos, 349 Security building, Minneapolis, is in charge of the entry list.

Charles Jones in CUPID'S FIREMAN
William Fox production

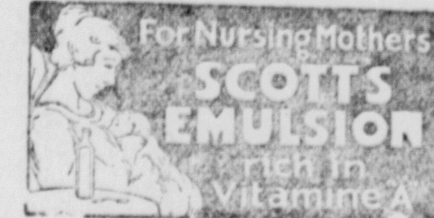

This picture, an adaptation from the story, "Andy McGee's Chorus Girl," by Richard Harding Davis, is said to reveal the life of the American fire fighter more clearly than any picture ever produced. His home life, as well as the life in the fire houses and in the thrilling battle against fire, is portrayed with remarkable fidelity, according to no less an authority than Albert E. Guinness, president of the Uniformed Firemen's Association of Greater New York, who was one of the first

to view an advance showing of the film. This remarkable fire picture will be shown at the Lyceum tonight and Saturday.

Now It's "Reno-vated"

"Reno-vated" has long been a favorite expression with Rupert Hughes, famous author and motion picture director.

The expression is used as a subtitle in Hughes, new picture, "Reno," coming Sunday to the Lyceum.

"Pioneer Trails" True Picture of Early West

Historically correct are the settings used in "Pioneer Trails," a Vitagraph special production, which will be exhibited at the New Park on Saturday and Sunday. Many weeks before the production was begun the Research Department of Vitagraph was busy checking scenes in the film and obtaining information and descriptions of buildings and towns of the gold rush period of '49 for use in "Pioneer Trails."

The Burnt Boot Saloon in the picture is an exact replica of the famous "El Dorado," a saloon and gambling den of the days of the early fifties. The bar and dance hall are exact copies of this famous place.

The street scenes were made in a town built to duplicate in every detail the manner of construction of those days. The mangy road with its pine-board dwellings caused many old-timers to marvel at the exactness of reproduction.

Great with Roast Pork!

Delicious cranberry sauce—made in ten minutes makes the finest relish with roast pork—and promotes digestion!

Whenserved with any kind of meat, cranberry sauce gives zest to the whole meal and helps balance the diet. Here's the proper way to make cranberry sauce—

Ten-Minute Cranberry Sauce

One quart cranberries, two cups boiling water, 1½ to 2 cups sugar. Boil sugar and water together for five minutes; skin; add the cranberries and boil without stirring (five minutes is usually sufficient) until all the skins are broken. Remove from the fire when the popping stops.

And when you have the cranberry sauce, you can easily and quickly make many delicious desserts, such as cranberry pie, pudding, shortcake, tarts, etc.
